

Time has done its thing and the year has swung around very fast.

It's time again to celebrate the nyckelharpa! This year World Nyckelharpa Day is on Sunday 28th April and it's again time to show the world the beauty of the nyckelharpa!

You can celebrate however you want! But there are some things we can do as a global community.

This year we have the beautiful Brudmarsch efter Jonas Johansson for the Global Mosaic. Play this at midday either UK time or in your time and feel the air reverberate around the globe as we all play together! Film yourself playing this tune so we can edit it together into a large global mosaic. The guide video is already up – so you can get your video in straight away!

This year we thought we would try something a little bit different this year. So in addition to the

usual YouTube playlist we're going to open up a Zoom Meeting and have the World Nyckelharpa Day Global Zoom Cafe – We plan on having several different rooms. One for coffee and chat, one for general playing and sharing of tunes and one for workshops and concerts. So if you'd like run a workshop or give a concert get in touch!

As always we will have the **YouTube Playlist** so film yourself send in your videos in and then we can set them up as premieres and add them to the playlist!

However you choose to celebrate make sure you let us know what you're up to so we can announce it on our website:

worldnyckelharpaday.com And don't forget to post about your activities on social media using the hashtag #worldnyckelharpaday!

Sunday the 28th of April 2024 – mark it in your calendar and get your videos in! #World
